Visitor Guide

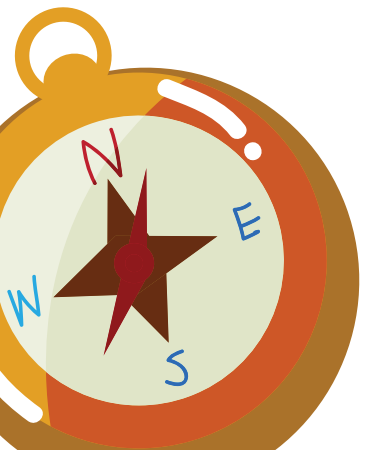

ATITHI DEVO BHAVA

It is a Sanskrit verse which means – consider the guest as god. This value-laden statement is drawn from an ancient scripture which has always been the ethos of Indian culture. Welcome to India, a kaleidoscope of traditions, culture and vibrant geographies. From its snow trenches, frolic coasts, gripping natural green to the mystic ravines of spirituality and clusters of cultural shades defining the raw beauty, India captures the heart of every tourist. We welcome you to discover the different facets of our multicolored country.

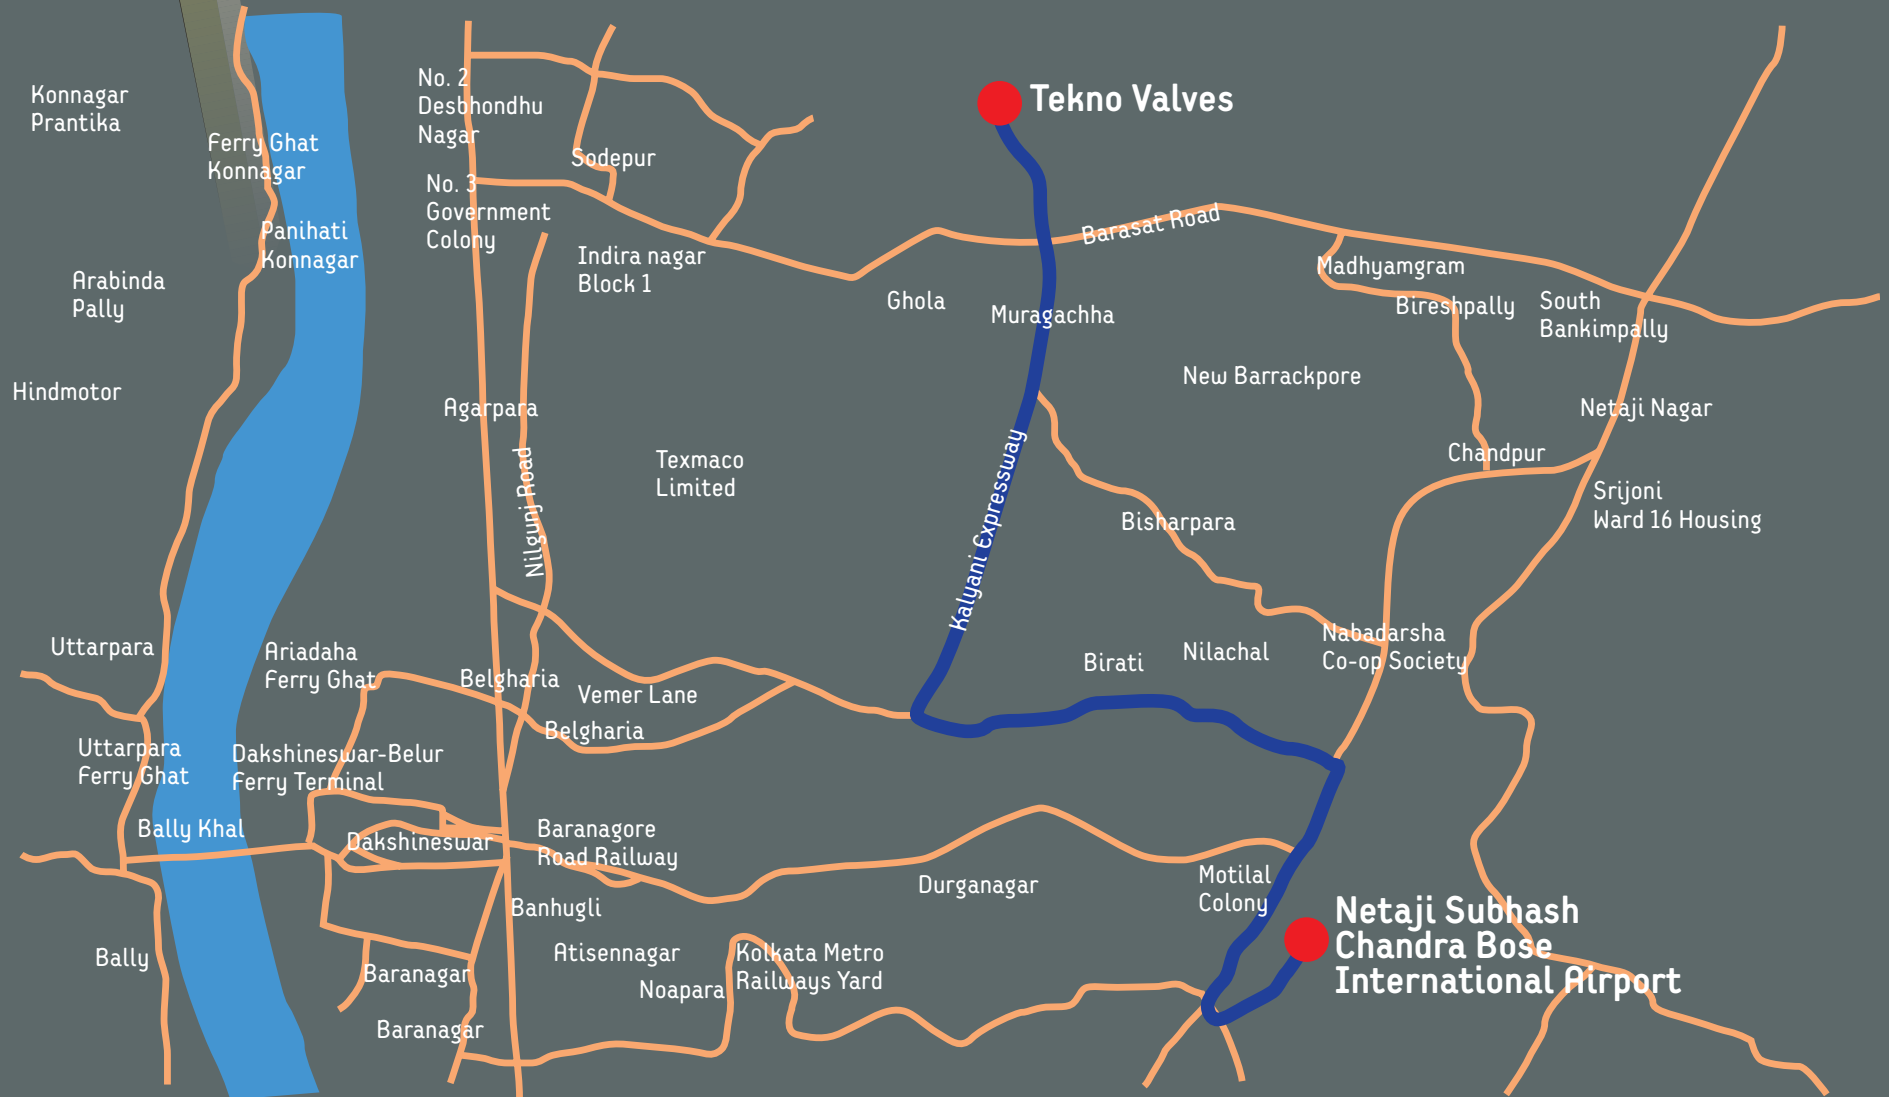

A city of Joy and Love, Grandeur and Glory, Kolkata is full of life and bustle, verging on the chaotic as well as traditional occupations and modern industries. Kolkata is the capital of West Bengal. Formerly the capital of British India, it is a city with a great deal of charm. Its imperial monuments, strong cultural and religious flavor leaves an indelible impression on the visitor.
